Needs & Assets	Goals & Key Measures	Strategies	Implementation	Performance & Evaluation
<p><u>Need:</u> Increased access to parent/provider training or education</p> <p><u>Capacity to Address Need:</u></p> <ul style="list-style-type: none"> • Staff trained in early childhood development to conduct home visits • Family-centered approach both linguistically and culturally knowledgeable home visitation program • Familiarity with other services in the region in order to make necessary referrals • Proposals for expanding seminars and hands-on training to enhance family support must be both evidence-based and relevant to the community served • All grantees awarded under this strategy will be required to participate in a newly formed Family Support Consortium 	<p><u>Goal Area:</u> Family Support</p> <p><u>Goal(s):</u> FTF will coordinate and integrate with existing education and information systems to expand families' access to high quality, diverse and relevant information and resources to support their child's optimal development.</p> <p><u>Key Measure(s):</u></p> <ul style="list-style-type: none"> • Percentage of families with children birth through age five who report they are satisfied with the accessibility of information and resources on child development and health • Percentage of families with children birth through age five who report they are competent and confident about their ability to support their child's safety, health, and well-being 	<p><u>Strategy:</u></p> <ul style="list-style-type: none"> • Increase family support by increasing the access and availability of training to extend to those parents and relative providers in the community who do not have access through other early childhood programs <p><u>Research to Support the Strategy:</u></p> <ul style="list-style-type: none"> • Research has been conducted in specific areas related promoting the health and safety of children by increasing the knowledge base of the families of those children. In several studies regarding toddler obesity, motor vehicle restraint usage, and increasing father participation in the child-raising process, group sessions, seminars and trainings are all shown to be effective modes of service delivery to address the particular needs of the parents and children. <p><u>Target Population:</u></p> <ul style="list-style-type: none"> • Teen Parents • First-Time Parents • Relatives Raising and/or Caring for Young Children 	<p><u>Activities and Tasks:</u></p> <ul style="list-style-type: none"> • Collaborate with family support and education programs to expand services to include the development, enhancement, or implementation of home visiting programs; provide parents, families, and other primary caregivers with coaching and other direct service techniques to inform and educate on the topics of child development and emergent language and literacy development. • Expand existing services of federal, state, tribal, and community agencies to provide research-based resources, seminars and hands-on training to improve knowledge and understanding of basic parenting/care giving skills to include members of the target population who currently do not have access to such resources. Fundraising activities 	<ul style="list-style-type: none"> • Number of people in attendance per event • Number of events held per year per program/department funded • Number of event attendees completing a pre- and post-questionnaire • Number of families participating in a home-visiting program • Frequency of home visits • Pre- and Post-questionnaires for families participating in the home-visiting model

		<ul style="list-style-type: none"> Approximately 310 families 	<p><u>Implementation Considerations:</u></p> <ul style="list-style-type: none"> Alignment with other efforts as part of the Family Support Consortium Rather than creating new training opportunities or programs, bolster the current training opportunities to expand to members of the population that currently do not fall under their scope of work or budget constraints. <p><u>Budget:</u></p> <p>\$159,000 for FY 2010</p> <p><u>Budget Considerations:</u></p> <ul style="list-style-type: none"> Home Visiting: 20% of families in the target population= \$93,000.00 Monthly Trainings and Seminars: \$20,000.00 Materials and Supplies: \$46,000.00
